TEACHERS WILL HEAR STAINBROOK

Dr. Edward Stainbrook, who recently gave the keynote address at the Governor's Conference on Mental Health, will discuss "Ease and Disease in the Classroom" at a county teachers' institute to be held at the Torrance High School auditorium at 4 p.m. next Wednesday.

This hour-long meeting has been approved by the Los Angeles county superintendent of schools and teachers from over 20 school districts in the area are expected to attend. Dr. Stainbrook will talk to the teachers in terms of what they can do in the classroom and in their relationships with children to establish a positive approach to mental hygiene.

The speaker is currently chairman of the department of psychiatrics of the School of Medicine at the University of Southern California and is director of clinical services at the psychiatric unit of the Los Angeles County General Hospital. He received both his Ph.D. and his M.D. (psychiatry) at Duke University.

Dr. Stainbrook was secured with the help of the Torrance Unified School District and the Harbor District Mental Health Service, which is a community-wide auxiliary to the San Pedro State Mental Hygiene Clinic.
